AND IGNORING RIGHTS OF NATURE

INTRODUCTION

I INTENDED TO DO 8 CHAPTERS

Chapter 1: selection of examples of systemic constraints; Chapter 2 part 1 international systemic constraint related to human rights indigenous rights Women's rights, peace, militarism and pretexts for war and invasions; *Chapter 2 part 2 ecological rights climate change and biodiversity: Chapter 3: systemic constraints of various combination of states, municipalities citizens, corporations, globe, trade

agreements, military, indigenous rights, religion, democracy ethics, and media [many of these systemic constraints could be moved elsewhere because this chapter was written before the compilation was divided into chapters; *Chapter 4 systemic constraint related to decision making; *Chapter 5 politics: part 1 Latin America, part 2 Canada and US; *Chapter 6 systemic constraints with NGOs; *Chapter 7 systemic constraints Education and culture promotion; and Chapter 8

IN 2025

I turned 86 and I decided to only complete chapter I and if, time, complete the drafts of the other chapters.
